3. Access Level Legend

Symbol	Meaning
✓	Full access — can view, create, edit, delete
✗	No access — feature hidden from navigation

4. Notes

- Officer role is strictly read-only — no data modification is possible.
- Manager can operate daily canteen tasks but cannot manage master data or user accounts.
- Admin has exclusive access to: Master Data, Manual Audit Adjustments, DB Backup/Restore, User Management.
- All navigation items for inaccessible features are hidden (not just disabled) for the role.
- Stock page shows view-only table for Officers; Add/Receive/Edit controls are hidden.

CONFIDENTIAL — For Official Use Only
